

Addingham Environment Group
Zero Carbon
Meeting held on Wednesday 24 May 2023
at the Hub

Present: Rick Battarbee, Richard Walton, Ian Viner, Glen Thistlethwaite, David Bartlett, Mareike Schmidt, John Sykes (chair).

- 1. Apologies:** Jackie Olive, Clive Brook.
- 2. Welcome.**
- 3. Matters arising from the meeting of 19 April 2023.**

RB to add excerpts from CB's report to the AEG website.

- 4. CAA, CAI, KIGGs & FoWG Updates.**

The changes in APC councillors were noted. APC minutes of its May AGM & council meeting were awaited to confirm that revised terms of reference for CAA have been agreed. This revision will immensely improve the effectiveness of CAA.

CAI is developing links to the NHS campaign for more walking & cycling. AOC will support this as appropriate.

CAI's Thingery is now open. The Thingery will loan tools & equipment to residents. Possible contributions to its stock should be made directly to it.

JS attended CAI's Zoom presentation on domestic energy reduction on 10 May.

CAI has a further Heat Pump & Solar Power Open Day on 8 July (flyer attached).

Silsden's Repair Shop is opening in June to repair household items & extend their useful lives.

- 5. AEG Environment Weekend 2023.**

Erection of marquees & external site establishment will commence at 0900 on Saturday 10 June.

Access to the Youth Centre will be available from 1230 onwards ready for stands opening from 1400 to 1730.

Shut down & marquee removal will take place from 1730 onwards.

The AOC display will include the thermal imaging camera, LED lamp display & power meters, & home energy efficiency kit.

Display material was reviewed & discussed. Some additions & amendments are to be made;**JS**.

A revised solar PV Dotty Map will be created by RW during the Environment Weekend; **RW**. Base map to be supplied by **RB**.

The bat walk will take place on the Saturday evening.

Two walks will be held on Sunday.

6. Group Strategy.

Further discussion was held on the direction of the group. Prioritisation of subject areas was discussed along with ownership of these. Further consideration to this topic is to be given at the next meeting taking into account the group's stakeholders, interfaces & media.

The remaining agenda items were not discussed due to the meeting being out of time.

The meeting was closed at 2000.

HEAT PUMP & SOLAR PANELS – OPEN DAYS

- Are you interested in seeing how a heat pump and solar panels work?
- What do they look like?
- How much energy do they save?
- How efficient are they in providing heating, hot water and electricity for a house?

Visit some of our members' homes in Ilkley on Saturday 13 May or Saturday July 8, 10am – 12pm. Full details below. Please email energy@climateactionilkley.org.uk for more information.
