

Wildlife Friendly Addingham

Making space for nature @ the Scout HQ

This is part of the Management Plan we've agreed with the Parish Council to create wildlife friendly habitat and combat climate change at this greenspace.

[Click here](#) to view the management plan.

Look over the wall and you'll see the new hedgerow we've planted with the help of the Cubs. The plants, a mixture of native species, were donated by the Woodland Trust. We planted dog rose, hawthorn, hazel, crab apple, and dogwood here.

[Click here](#) to find out more about why hedgerows are so important for wildlife.
